### Professional Summary

---

Manual QA Tester with hands-on experience in manual testing, test case design, functional and regression testing, and defect reporting. Basic knowledge of Selenium WebDriver for automation and Postman for API testing, with working knowledge of SQL and MySQL for data validation. Familiar with SDLC, STLC, and Agile methodologies, with a strong focus on identifying defects, maintaining test documentation, and ensuring application quality.

### Technical Skills

---

**Manual Testing:** Manual Testing | Functional Testing | Regression Testing | Test Case Design | SDLC | STLC | Defect Reporting & Lifecycle

**Automation:** Selenium WebDriver (Basic) | Automation Testing

**API Testing:** API Testing Using Postman | Request/Response Validation | JSON & CSV

**Programming:** Basic Python

**Database:** SQL | MySQL | Excel | SQLite

**Tools:** Jira | Postman | Git | GitHub

### Internship Experience

---

#### Manual Testing Intern

Cetpa Infotech Pvt. Ltd.

Dec-2025 – June-2026

- Analyzed project requirements and designed and executed manual test cases for web-based modules, covering functional and regression testing scenarios under senior tester guidance.
- Performed functional testing using positive and negative test scenarios, verifying input validations, error messages, UI behavior, and overall application functionality.
- Logged, tracked, and retested UI and functional defects in JIRA, maintaining accurate defect status throughout the complete defect lifecycle.
- Participated in daily stand-ups and sprint meetings to clarify requirements and testing scope, while maintaining test case documentation, execution results, and defect status reports.

### Projects

---

#### Facebook – Login/Signup Page Testing

- Tested Login and Signup functionality using valid, invalid, and empty test data.
- Verified mandatory fields, input validation, error messages, password masking, and UI behavior.
- Created and executed test cases covering positive and negative testing scenarios.
- Identified, documented, and reported UI and functional defects with proper test evidence.
- *Tools:* Manual Testing, Test Case Design, Decision Table, Functional Testing, Excel

#### OpenCart – E-commerce Website Testing

- Tested Login, Signup, Product Search, Product Details, Add to Cart, and Checkout functionality.
- Validated required fields, input validation, error messages, and application behavior.
- Created and executed positive and negative test cases for key e-commerce workflows.
- Performed basic API request and response validation for application endpoints using Postman.
- *Tools:* Manual Testing, Postman, Excel, Test Case Design

### Education

---

#### Gulzar Group of Institutes : B.Tech in Computer Science

CGPA: 6.8/10 — 2021-2025

- Completed B.Tech in Computer Science with a strong foundation in software and technology.
- Gained academic knowledge of programming, databases, and software development concepts.

### Soft Skills

---

Problem Solving | Team Collaborator | Adaptable | Time Management | Critical Thinker
